

## "MAKE A DIFFERENCE" Program Community Service

**"5 Days CAN make a difference in a child's life"  
and a child can "Make A Difference".**

The "Make A Difference" program was established to provide an opportunity for children who have already been to Camp Axios to attend another summer. Traditionally, given the high demand, campers have only had one opportunity to attend Camp Axios. With the "Make A Difference" program, campers can now earn a return trip to Camp Axios! Campers must simply "Make A Difference" by completing at least **10 hours** of **APPROVED** community service.

### **Approved Volunteer Opportunities Include:**

*Opportunities to help others are everywhere. The following is a list of suggested activities, but you are welcome to submit your own ideas!!! Always get your parents permission.*
